AMANI FIRESIDE IN HIS HOME

MY NAME IS AMANI FOKAS AND I am 16 years old. I live with my parents and three siblings in our home we built ourselves made of sticks and mud.

My favorite subjects are the sciences because I want to be a child advocate when I grow up, legally representing and standing up for children's rights. My favorite animal is the zebra because it is so uniquely-looking. My favorite color is green because it's the color of healthy plants on our farm which indicates a good harvest season. My favorite food is ugali (our local version of stiff porridge) because it is healthy, gives energy and goes with any food!

I have wanted to attend to The Mungere School for some time because they are known throughout our area as the best school.
